SKILLS

Languages: C++, Java, JavaScript, Python, PHP, C
Frameworks: HTML, Tailwind CSS, ReactJS, NodeJS
Tools/Platforms: MySQL, MongoDB, VS Code, Git and GitHub
Soft Skills: Problem-Solver, Critical Thinker, Quick Learner, Adaptable, Team Player

PROJECTS

Agnt. - A Responsive animated Agent Hiring platform: | [🔗](#)

Nov' 2025

- Implemented a job application web platform supporting user registrations, agent profiles, employer job postings, and administrative oversight with real-time updates and notifications.
- Handled key features such as user and agent authentication, job listings, application submissions, live chat support, payment processing, and separate dashboards for users, agents, employers, and administrators using role-based access control.
- Integrated real-time communication and a scalable backend workflow that optimized job matching, reduced application delays, and ensured a smooth end-to-end hiring experience.

Tech: React (Vite), JavaScript, CSS, Node.js, Express.js, MongoDB, Mongoose, REST APIs

Strike UI - A Responsive animated Course Selling platform: | [🔗](#)

Oct' 2025

- Developed a responsive and visually engaging course-selling web platform that presents course information clearly while maintaining a modern and intuitive user interface.
- Designed and implemented key UI sections including course listings, feature highlights, call-to-action areas, and interactive animations to enhance user engagement and navigation flow.
- Delivered a fully responsive and performance-optimized frontend experience that ensured smooth animations, consistent behavior across devices, and improved overall accessibility and user interaction.

Tech: JavaScript, HTML, CSS

EventHub - A dynamic event management platform: | [🔗](#)

May' 2025

- Created a centralized event management platform that allows users to discover events, book tickets, and manage accounts through a clean and intuitive interface.
- Architected key functionalities including advanced search, real-time booking workflows, and secure authentication to streamline event-related interactions.
- Optimized platform performance and reliability by improving search response time and booking accuracy, resulting in a smoother and more dependable user experience.

Tech: HTML, CSS, JavaScript, PHP, MySQL

Scalable Thread Management Library - High-Performance Computing Library: | [🔗](#)

Apr' 2025

- Structured as a high-performance concurrency library focused on efficient thread lifecycle management, reducing overhead through a reusable thread pool architecture.
- Organized with synchronization mechanisms such as mutexes and semaphores to coordinate thread execution, ensure safe access to shared resources, and prevent race conditions.
- Enhanced for scalability and reliability, enabling efficient handling of **1,000+** concurrent threads in compute-intensive workloads while maintaining optimal resource utilization.

Tech: HTML, CSS, JavaScript, C

TRAINING

Fundamentals of Data Structures: Learn, Apply and Build Lovely Professional University 	Jul' 2025
<ul style="list-style-type: none">Gained hands-on experience applying core data structures and developing interactive GUI applications using Java SwingCompleted focused training on arrays, stacks, queues, hash maps, and algorithmic problem-solving, integrating these concepts into the Smart Quiz app's quiz flow.Strengthened Java GUI development skills and successfully built functional, event-driven desktop applications with clean and interactive user interfaces. Tech: HTML, CSS, JS, C++, Java	

CERTIFICATES

Front End Web Development by Edunet Foundation (in collaboration with AICTE)	Sep' 2025
Cloud Computing NPTEL	Apr' 2025
Responsive Web Design FreeCodeCamp	Oct' 2023

ACHIEVEMENTS

Tackled 180+ DSA problems on LeetCode, demonstrating problem-solving dedication.	Nov' 2025
Earned 4-star Java rating on HackerRank, showcasing strong programming skills.	Nov' 2025
Secured top-20 position among 3k+ participants in a CSS Styling Competition by Coder Army	Oct' 2025

EXTRA-CURRICULAR ACTIVITY

Community Development Project Food Security and Nutrition	Jul' 2024
---	-----------

EDUCATION

Lovely Professional University Bachelor of Technology - Computer Science and Engineering; CGPA:8.3	Phagwara, Punjab Aug' 2023 – Present
B D Public School Intermediate; Percentage:91.2	Patna, Bihar Apr' 2021 – Mar' 2022
B D Public School Matriculation; Percentage:93.4	Patna, Bihar Apr' 2019 – Mar' 2020
